

Modular UTP Patch Cord Coupler (RJ45 to RJ45)

RJ45 Coupler are available in both Shielded and unshielded type. These keystone style RJ45 coupler are easy to mount in patch panel and face plate application. These RJ45 couplers solutions are engineered to bring high performance in a compact design.

Features

- CAT5e / 6/ 6A Inline coupler
- Joins 2 patch leads
- Wired pin 1 to 2

Technical Specification

Parameter	Value
Housing Material	Fire Proof ABS UL94V-0
Contact Material	8P8C 50micron inches Gold plated
Jack Insertion Cycle	Min 2000 Insertions

Electrical Specification

- Insulation Resistance: 500M ohms (min)
- Contact Resistance: 20m ohms (Max)
- Current Rating: 1.5 Amps
- DC Resistance: 0.1 ohms (max)
- Withstanding Voltage: 1000 VAS RMS @ 60Hz/ 1 min

Ordering Information

Part Code	Description
3C-BI-XX	Modular UTP Patch Cord Coupler

XX – (C5–cat5e, C6-cat6, 6A-cat6A)
